Re: Glen King – King's Fibreglass Pty Ltd

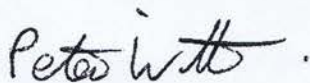

Glen and his company have been Commonwealth Bank clients for in excess of 17 years, the past 5 of which have seen their accounts personally managed by myself.

During that time I have seen Glen continue to grow his business.

He is extremely knowledgeable about his business and the industry as a whole. He manages his staff very well and is under no illusions that they are vital for the continuing success of his company.

From my experience, I would have no hesitation in supporting him and his company as a worthy winner of the Small Business Award and in fact it was I who recommended them for last year's awards.

Yours faithfully

CRAY VALLEY

Seoul, December 2nd 2009,

To the attention of **Glen King, King's Fibreglass Pty. Ltd**

Dear M. King,

On behalf of the whole Cray Valley team, I would like to congratulate you for the impressive awards your company just received in Victoria and nation-wide.

We are proud to be your supplier, and hope to have contributed to your success. With the establishment of our new entity, Cray Valley Australia, we will continue to do our best to make sure your company can be successful and win many more awards!

The success of our customers is what makes us most happy, and we particularly appreciate working with you, as we are always looking for innovative and dynamic partners.

I hope to have the pleasure to meet you during one of my next trip to Australia.

Yours truly,

To Whom it May Concern:

Kings Fibreglass has been a long term trusted business partner of our company for many years. Our reciprocal relationship is one built on trust and honesty.

Glen has always demanded quality products as inputs to his manufacturing process. He has never compromised quality for the sake of price and has always placed his customers' needs first and foremost.

Similarly the final products produced by Kings Fibreglass are of the highest quality and in many cases very innovative. This innovation has seen Kings grow not only their business but the composite manufacturing industry as a whole.

We recommend Kings Fibreglass to those seeking quality products as they have never disappointed any of our referrals.

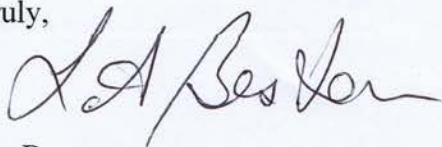

King's compliment these qualities with an open, welcoming and comfortable demeanor rarely maintained in a difficult business climate such as today. Watching this business grow over the years from Glen's concept to a growing, quality driven business has been very gratifying to us.

Most of all I would like to congratulate Glen and his enthusiastic staff on their "can do" attitude. They are always a pleasure to do business with even in difficult circumstances.

The recent opening of their impressive, new showrooms and manufacturing facility further demonstrates the success of the company philosophy.

We (Cray Valley Australia Pty Ltd), congratulate them on their nomination for Australian Small Business of the Year – Manufacturing. To this end, we thoroughly endorse and support their nomination.

Yours truly,

Re: Glen King – King's Fibreglass

I have come to know Glen very well in the 12 years that we have operated our businesses opposite each other in Bayswater.

Over this time Glen has proven to be a reliable and honest businessman and friend. He is quick to offer to lend a hand when required and his support has been ongoing. His community minded generosity came to the fore when he sponsored our vehicle in the Variety Club charity "VIC BASH" on a number of occasions, enabling us to raise a considerable sum of money for the children's charity.

His staff have the utmost respect for him and he appreciates their input to the success of his business. As a result of his work ethic, I have seen his business grow from a handful of staff in the early days to what is now a thriving 30+ workforce.

Glen & his business would make a worthy winner of the Small Business Award and I am happy to expand on this reference if required.

Yours faithfully,

Re: King Fibreglass Pty. Ltd.

I have acted as the external Accountant to the abovenamed company since 2003.

I have found the Directors and the staff of the company to be extremely helpful, receptive to advice and loyal to the company, their customers, and suppliers.

The company is innovative in developing new products and new production processes. Full consultation occurs between the directors and management of the company and all staff in production, selling and administration. The company has a commitment to quality control together with customer and employee satisfaction.

The company's accounting systems allow the monitoring of financial results monthly and enables prompt action to be taken if necessary.

My dealings with the directors and staff of the company have been open and professional. I have always received full cooperation from the directors and staff.

I recommend the company as an entrant in the Awards organised by you.

Yours faithfully,

RE: Glen King – King's Fibreglass Pty. Ltd.

I have had the pleasure of knowing Glen and being his land-lord now for over the past 14 years and I have watched him successfully turn a small backyard fibreglass business into a 30,000 square feet business with some 30 plus staff and his work is known Australia wide and internationally.

Glen starting off renting one small factory from us and it wasn't before long that he had taken on three more to accommodate his growing fibreglass manufacturing business. He took on an additional factory just opposite to his own, last year also renting from us, to house his trailer manufacturing side.

Being the owner of the factories I must say that Glen keeps a clean shop and is continually updating facilities to modernise and customise to suit his needs. I have seen Glen go through some hard times also but he has always been upfront and honest and we have always managed to work through any difficulties.

On a personal level we also sold Glen his block of land for his own personal residence and it's always a pleasure doing business with him. Glen treats all his staff, suppliers and customers with the utmost respect and it obvious to him that his team is a part of his on-going success.

I think Glen King and King's Fibreglass would be worthy winners of this award as they exhibit true attributes of what is a small business champion.

Yours faithfully,

TO WHOM IT MAY CONCERN

We regard being a supplier of fibreglass materials to King's Fibreglass (King's) as a privilege and we are delighted to be given the opportunity to present this testimonial.

During our initial negotiations with the senior management of King's we found them to be open, honest and thoroughly professional and I am pleased to advise that these important attributes have continued from the moment we were appointed a supplier.

When we commenced our supply relationship with King's, our involvement was relatively small. However, as their business has grown, so too has our involvement.

I am pleased to advise that we are now a substantial supplier of fibreglass materials and, such is our confidence and trust in Glen King and his talented and experienced senior staff, we welcome the opportunity to further increase our involvement with and exposure to this company.

Please do not hesitate to contact me should you wish to discuss King's Fibreglass with me.

Sincerely,

Peter Phillips

Re: King's Fibreglass and Glen King

I met Glen approximately 7 years ago when he expanded his business to include making horse float roofs. Our respective company's work in well together, referring customers to each other. These customers have had nothing but glowing recommendations about the quality of King's Fibreglass roofs, so I would not hesitate to refer future customers.

During the time I have known Glen, I have found him and his staff to be terrific to deal with and believe he has a great relationship with his workers. Glen and his company would be worthy winners of the Small Business Award.

To Whom it May Concern

It is a privilege to have had Glen King of Kings Fibreglass as a client since June 2005. In that time, Glen and all the team at Kings Fibreglass have been an absolute pleasure to deal. A unique bond has formed between our two companies and Managing Directors based on mutual professionalism and respect.

Glen and I have had numerous trips to racetracks throughout Australia (even sharing accommodation in Adelaide on several occasions at the Clipsal 500 V8 Supercar events). The Creative Ones has invited Glen to several of our Christmas breakups and to VIP Corporate events at the MCG and more recently, Etihad Stadium. In turn, Glen has included me in various ride days and company barbeques conducted by Kings Fibreglass.

Glen and I are alike, as are our businesses and we regularly have in depth conversations on the highs and lows of running a small business. We share information and advice to ensure our businesses remain stable and prosper in the long term. Together we have learnt a lot about the Fibreglass Industry and Graphic Design. Both Glen and I feel very welcome in each other's business establishments as our friendship reflects down to all our staff.

In my opinion, Glen King and Kings Fibreglass certainly deserve to win the Victorian Small Business Award for manufacturing. They have conducted their business well above the manner in which all businesses should be run.

Dear Mr King

Congratulations on winning the *Small Business Champion Entrepreneur* category at the recent Australian Small Business Champions Awards. I am delighted that your efforts in small business are being recognised.

The Gillard Government understands that small business men and women create jobs and drive prosperity, and we are committed to building an environment in which small businesses not only survive, but thrive.

We are building this environment by:

- **Freeing up cash-flow and encouraging innovation** with the instant asset write-off and the loss carry back scheme,
- Transforming the economy through the **National Broadband Network**, creating opportunities by connecting your business to the world,
- Managing the economy in the interests of families and small business people by delivering a **budget surplus to put downward pressure on interest rates**, and
- Providing **easy access to advice and support** through www.business.gov.au and the Small Business Support Line, through to the Small Business Advisory Service and Enterprise Connect.

Please find enclosed more information about how the Government is working with small business people to make sure Australia is a great place to do business.

As the first Small Business Cabinet Minister in more than a decade, I am here to be a strong voice for your interests. If you have any question or would like to provide feedback on policy, please contact Mr Tallis Richmond in my office on (02) 6277 7667.

Yours sincerely
